

* Landscape, not Portrait

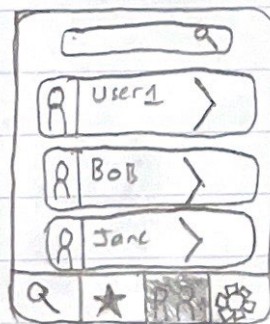

Can click on shows to be taken to a page that displays user ratings, and allows show to be edited if role is "super" or deleted if role is "admin". Contains all shows.

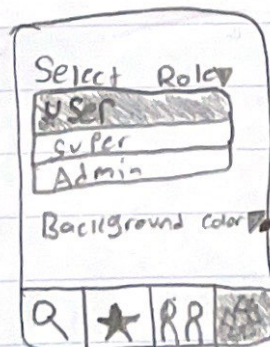

add friend button, or your name

When clicked, takes the user to a corresponding page much like the first panel (see above) with the appropriate shows listed. These are the user's lists.

When clicked, you see that user's lists like above

If "user" is selected, Another dropdown may appear to select which user.
